Please always observe the following principles if you are not a doctor or alternative practitioner:

Magnetic resonance application is an effective tool for preventive health care and supportive therapy; however, it does not replace diagnosis or treatment by a doctor in any case!

Produktinformation

This document is unsuitable for making diagnoses or suggesting therapies for diseases; always consult trained medical and healing professionals for this!

Never discontinue medication on your own authority and do not change the dose if it is not prescribed by a doctor or alternative practitioner.

Always check whether there are any **contraindications**!
